

# Diving into

HPE GreenLake Backed by the knowledge and services of Advizex.

Simplified IT starts by working with an Advizex team member to choose the right HPE GreenLake solution for your business needs.

Learn more at: <https://hpe.advizex.com/>

## PLAN

Work with Advizex to pick the right solution & services based on your current & future workloads.

## ORDER

Your HPE GreenLake solution arrives in about 2 weeks.

## INSTALL

An HPE expert will install & configure your solution. On-site, not remotely.

## LAUNCH

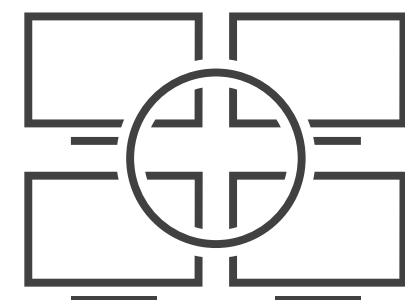

Advizex will help you establish your fixed Committed and variable Buffer Capacities to accommodate your current and future needs.

## MONITOR

With HPE GreenLake Central

— PLUS —

Monitoring as a Service

Advizex will monitor your hardware, software, and usage with our Monitoring as a Service (MaaS).

Let us take care of any issues that arise while keeping an eye out for up and down time, errors, usage, and security.

## MANAGED SERVICES

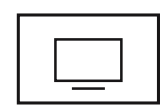

Utilize preplanned services from Advizex or add a la carte options as you scale. This will help free up your IT team to work on mission critical objectives.
